

BioStim Conquer[®]

Foaming Microbial Cleaner

The Science of Nature
Lets Nature Do The Work

Foaming cleaner with a specially designed powerful surfactant, blended with microbes specifically selected to eliminate odors and digest Fats, Oils, Grease and other organic matter.

Safe for plumbing and septic systems.
No harsh chemicals or added enzymes.

Net 1 qt. (32 oz.)

BioStim Conquer

For use in all types drains and beverage taps, cracks & crevices, under equipment, in and around dumpsters, and other hard to reach areas where grease, organic buildup and odor are a problem.

Directions:

Mix in a hand held foam sprayer 4 oz. concentrate to 1gallon tap water. Add additional water for a looser wet foam. Spray foam liberally under greasy equipment, on walls, trash bins and other areas with grease and organic build up. Fill floor drains and tap drains to the top with foam. Leave on surfaces undisturbed as long as possible. AVOID anti-microbials and disinfectants in treatment area.

Ingredients:

Proprietary blend of surfactants, scent and naturally occurring microorganisms.

Storage:

45 ° - 105 ° F (7 ° - 40 ° C). Do not allow to freeze.

Caution:

NOT for use on food surfaces. Keep out of reach of children. Avoid inhalation of liquid mist. Avoid contact with eyes or skin. If contact occurs, flush thoroughly with water. Do not ingest.
